### Open Letter From

Pacific Department

Royal Insurance Company of Liverpool

Many of the Companies which at the memorable meeting of June 12th voted in favor of a horizontal deduction of "not less than 25%" have, as we predicted, found it impossible to settle their San Francisco losses on that basis and have been forced, though reluctantly, to pay considerably more than an average of 75% of their claims. Some which voted to adjust every claim on its merits and pay the same "Dollar for Dollar," have fallen away from that high and correct standard and have submitted their policy holders to sharp deductions from adjusted claims. Others, while paying in full here, in accord with Eastern usage, exacted a cash discount in lieu of sixty days' time in which to make payment.

The "ROYAL" has paid every claim as soon as the amount of loss has been agreed upon with the assured, in full, in cash, without a cent of discount. Comparatively few companies have pursued as broad and as liberal a course.

We have refrained from commenting upon the conduct of any individual company, believing it better to extol the virtues of our own. The ROYAL INSURANCE COMPANY of Liverpool has paid to date 2,369 claims, aggregating \$5,850,635.88. We have remaining but a few unsettled losses, and these are chiefly awaiting authorization of claimants abroad, probate proceedings, or further investigation as to actual amount of fire loss.

The "ROYAL" continues to be the leading Fire Insurance Company of the world. Its annual income is over \$15,000,000. Its San Francisco gross losses were not very much more than one-third of one year's premiums, and its surplus, after all losses are paid, will exceed the surplus of any other company in the world.

It has been building up its reserves for years against just such a disaster as came to San Francisco and was therefore able to meet its great losses with equanimity. It will continue to pursue the even tenor of its way and will doubtless be more popular than ever with insurers.

You are perfectly safe in putting your business in the "ROYAL," knowing that it will under all circumstances be able to fully and promptly meet its contracts and that it will not resort to any quibbles or shifty pretenses to avoid its obligations. Now is the time to make use of your opportunity.

There is no eluding the issue; there are "Dollar for Dollar" Companies; there are "Six-biters" and there are "Welchers." There are also Companies strong, and Companies weak, financially.

No Company can offer a better policy than the "ROYAL," few as good. ROLLA V. WATTS, Manager Pacific Coast Department, WM. G. IRWIN & CO., LTD., Agents for the Territory of Hawaii, 3592-110.
